

People are disgusting. There's no sidestepping that simple fact. For all the sanctimonious belching that attempts to prove human sexuality is a noble and uplifting thing—that it gives us *wings to fly, even*—most of the evidence clearly demonstrates that our desires drag us down to the level of cockroaches.

So-called "normal" human sexuality is bad enough. Blood-engorged cock pounding into slimy vaginal cave—*ewwww!* But when the sane researcher wades past the realm of ordinary hetero coupling into the perverted world of fetishes, fixations, and partialism, it becomes a struggle merely to retain the contents of one's stomach. Can't you people *behave?* I felt like vomiting during this article's entire research phase. You all make me *sick!*

There is nothing on earth so repellent that someone, somewhere, isn't jerking off to the thought of it. Yahoo.com, one of the Internet's most popular search engines and news hubs, allows every psychosexual basket case this side of kiddie-murderers to devote discussion groups to their chosen sexual aberration. At press time, Yahoo! hosted 1,861 groups under the "fetish" classification. I've whittled it down to the 22 groups which I found funniest.

You'll notice typos littered throughout this piece, at least where group names and posts are cited. Except for removing a few passages and replacing them with an ellipsis (...), I haven't edited or corrected anything. This is partially to retain the originals' authenticity, but also because I'm tired of cleanin' up after y'all.

A RIP-SNORTIN' GUIDE TO THE WILDEST, WEIRDEST, AND WOOLIEST PERVERTS ON YAHOO.COM

BeatingTheSmoking-Fetish

A group for Christian men who are trying to overcome an "addiction to watching women smoke." Christian men assist other Christian men in overcoming this odd predilection, and it all sounds pretty faggy to me.

SAMPLE POST: I struggle with the same addiction. I actually stumbled on your groups page, trying to find Yahoo-groups with pictures/clips of women smoking. I don't know why I have this "fetish", but my fascination with "smoking women" has been going on for a long time. I am very glad that you have this group...it is encouraging to know that a Brother in Christ understands some of what I'm going through.

Deaf-Wannabee

On one level, this group caters to the occasional oddball who's sexually attracted to deaf people and/or enjoys wearing hearing aids when they don't really need

them. But on a deeper, far more disturbing plane, it offers networking tools for those who are sexually aroused by the idea of self-induced permanent silence. It even offers advice for those who consider "crossing the bridge" by *deliberately* making themselves deaf. The group moderator claims to have "acquired a substantial hearing loss by choice."

SAMPLE POST: Some...have thought of becoming deaf by choice at some time in their lives but have not yet done so. We have members who wear hearing aids recreationally for fun, others who wear them for need with pride.

E_C_T

A group for "those that get turned [on or] sexually aroused by the thought of" Electroconvulsive Therapy. It serves not only the needs of the S/M freaks who salivate over the idea of shock treatment, but also those who indulge in "electro-play and electrostimulation" as part of their sexual diet. We learn that "a cattle prod

won't kill you," as well as which classic Hollywood films feature electroshock scenes.

SAMPLE POST: My boy and I used our Electro Cock Rings for the first time last night. When he came, electricity shot out of his cock, through my asshole and blew the cum out of my cock. I have never came the intensely before. When my boys load shot out of his Cock and into my asshole it felt like a bolt of lightning! I had seen a demonstration in Chicago a couple of years ago and have always wanted to try it. Glad I finally did....I have just ordered an Electro Anal Bullet. I Can't Wait to try it!!! I'm thinking about the electro glove next. Can't imagine how good it would feel to jack off with it or to have my boy play with my ass with it.

"the darker side of Furry...[and] support a gothic lifestyle."

I don't have an avatar for my LJ and FurJournal....Am I the only furson out there in Internet Land that draws/portrays themself WEARING what they actually wear IRL? I find so many fursons who draw all this 'fanart' of their furry selves, yet they don't actually own it. I'm quite the opposite, my fursona's pictures has not been altered or any other accessories added to make me look more 'spehsul & hardcore'.... Hope I'm welcomed here. =D *Waves a paw to all*

For those who fantasize about the Big Green Ass on the Big Green Man from the frozen-vegetable packages.

He banged the crotch of a tree. Afterward he regretted it because he got splinters, but the deed had been done. The great redwood tree had been fertilized....Near the top of the tree, was a gigantic pine cone....A sudden gust of wind caused it to fall nearly 200 feet to the ground where it shattered. Hence the untimely birth of the Jolly Green Giant.

ladybusters-anonymous

Yet another one of these electronic watering holes for born-again Christians who, through the power of Christ, have convinced themselves that they aren't perverts anymore. This one's "A Place for Recovering Female Bashers."

SAMPLE POST: I am a born-again Christian who was once very much into (fantasy) violence against women. I would get off on pictures, videos, and stories about women being hit in the crotch, belly, and breasts. Gradually, however, with God's help and by God's grace, I have come to see how unhealthy, unwholesome, and destructive this particular fetish is....

nosepinching

"If you get turned-on by the sight of a swimmer wearing a nose clip or a person pinching your nose or holding his or her own nose," writes the moderator, "this site is for you!"

SAMPLE POST: I remember a scene from Cheers where Sam and Diane grab on to each other's nose at the same time for maybe half a minute, both talking nasally....Hello everyone, I just want some help from you guys here if you know of any movie or cartoon that involves someone's nose being pinched in order to have their mouth forced open. I think this is how it should be in every household.

ruleofthegiantesses
